- Existing Facilities [Section 15301]
- New Construction or Conversion of Small Structures [Section 15303]

REASONS WHY THIS PROJECT IS EXEMPT OR DOES NOT REQUIRE FURTHER ENVIRONMENTAL DOCUMENTATION:

The California Environmental Quality Act (CEQA) requires analysis of agency approvals of discretionary "Projects." A "Project," under CEQA, is defined as "the whole of an action, which has a potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment" (CEQA Guidelines Section 15378). The proposed Project is a project under CEQA.

Staff has reviewed the Project to determine the required level of review under CEQA. The proposed Project is exempt from CEQA under State CEQA Guidelines Section 15061(b)(3) (Common Sense Exemption). Section 15061(b)(3) of the CEQA Guidelines states that an activity is covered by the common sense exemption that CEQA only applies to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA review. Granting this PCN will expand the products available for sale at the existing shopping center but will not bring about any physical change to the environment and will not have any potential for causing a significant effect on the environment.
